

Baobab ebooks

Quick guide for students

THE STEPS:

Log in

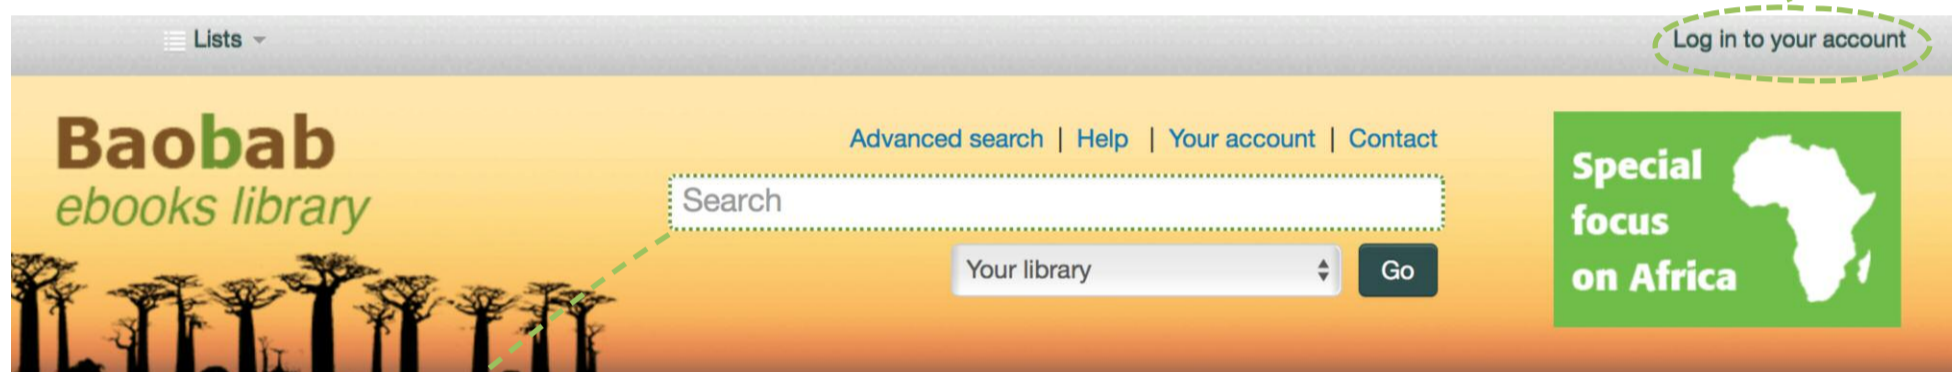

Find an ebook

Read online or download

LOG IN

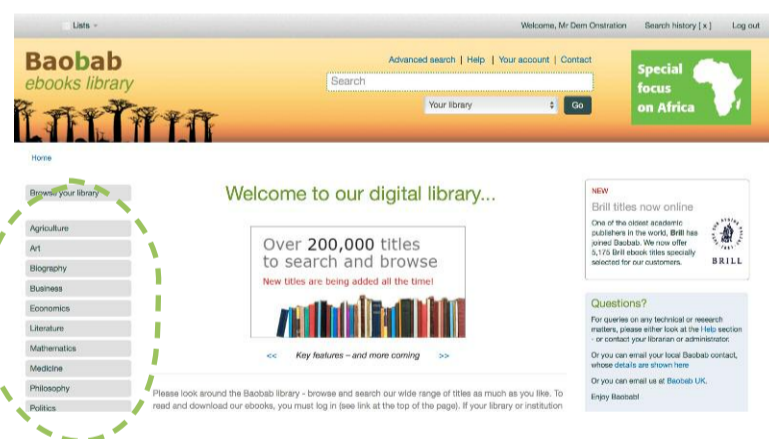

Log in to the Baobab platform using your username and password (top right corner).

SEARCH

Use the main search box to find titles from our entire database. By default it will search titles available within your library by keywords.

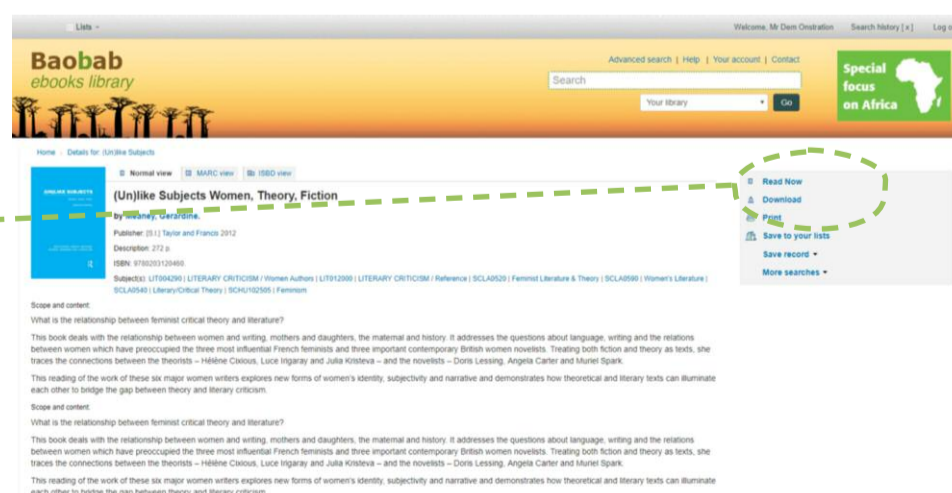

NOTE: You can conduct a quick search using subject links on the left hand side of the page.

READ NOW OR DOWNLOAD

After selecting the title, you will be redirected to the title page.

1. Select **'Read Now'** from the right hand side menu. The title will open in an online reader*.
2. Select **'Download'** from the right hand side menu to download the title to your supported e-reader⁺.

* Please make sure you have Flash Player installed on your device.

⁺ We recommend Adobe® Digital Editions freely available from Adobe website.
